

#FloQast

FloQast

Start on the path to transform your accounting with FloQast.

FloQast optimizes and automates accounting workflows, helping to streamline activities and make accounting teams more efficient. From visibility into month-end close and automating reconciliations to managing your full internal control environment and accelerating your record-to-report process, FloQast offers a suite of solutions that are easy-to-use and quick-to-deploy, providing the flexibility for accounting teams to transform accounting operations without disruption.

Manage
by exception

Balance
the workload

Ensure
audit readiness

Optimize the close

Optimize the close with seamless collaboration and strategic insights. Achieve enhanced efficiency and accuracy. Gain full visibility into status while ensuring standardization and consistency across all locations.

Automate the close

Transform your close with automation and AI, reducing reconciliation time and automating tasks. Leverage enhanced integrations and a suite of automation solutions to achieve end-to-end transformation for both mid-market and enterprise organizations.

Connected compliance

Integrate your GRC landscape with FloQast's business processes to achieve real-time control execution. FloQast offers a centralized workflow, enhancing risk management, compliance, and internal audit collaboration while streamlining control monitoring, design, testing, and remediation efforts.

Integrated record-to-report

Achieve smoother operations with integrated reporting on a unified platform. Simplify consolidation, draft financial statements, automate variance analysis, and speed up reporting. Enjoy greater accuracy, lower the risk of adjustments, and reduce overall reporting time.

Transform Your Accounting Workflows

FLOQAST

Close™

Collaborate, track, and review the close for better speed and accuracy.

FLOQAST

Compliance Management™

Integrate compliance into business processes like the financial close for continuous audit-readiness.

FLOQAST

Reconciliation Management™

Manage and automate reconciliations using AI from strategy to execution.

FLOQAST

Ops™ + Projects™

Manage workflows and ad-hoc projects for connected accounting operations.

FLOQAST

Variance Analysis™

Perform rapid Variance Analysis using AI, including Flux and Budget Variance Analysis as often as needed.

FLOQAST

Consolidation™

Automate consolidations and updates, reduce errors, and integrate seamlessly with month-end close.

FLOQAST

Analyze™

At-a-glance visualizations for greater close efficiency.

FLOQAST

Connect™

Integrate seamlessly with on-premise ERPs.

1 Month Setup*

11 Months Payback**

We ♥ Excel, Too

Keep using Excel and work the way you're used to — but with the added accuracy and power of workflow software.

Seamless with your GL

Whether you use a cloud ERP like Oracle NetSuite or Sage Intacct, or an on-premise one like Microsoft, SAP, Oracle, or Workday, FloQast works hand-in-glove with your GL.

Keep Your Data

Your sensitive financial data is kept secure, housed in your own document storage systems — not ours.

Multi-Currency Support

FloQast supports all major currencies so you can manage the month end close seamlessly across borders.
