

Simplify Your Financial Reporting

# FloQast Consolidation

**Are you ready to revolutionize your financial consolidation process?**

FloQast Consolidation, a key component of the FloQast Accounting Transformation Platform, streamlines and automates your consolidation and reporting processes, delivering unparalleled precision and efficiency.

## THE CHALLENGE:

### Financial Complexity

- Managing multiple entities and general ledgers
- Time-consuming manual consolidation processes
- Inconsistent data across systems
- Difficulty in producing timely, accurate financial reports

## THE SOLUTION:

### FloQast Consolidation

Seamlessly integrated with your existing FloQast suite, our new Consolidation product streamlines and automates your consolidation and reporting processes, delivering unparalleled precision and efficiency.

## Key Features:

**Effortless Setup:** Quickly establish entity hierarchies and charts of accounts

**Seamless Integration:** Load trial balances from multiple general ledgers using FloQast's powerful data connections

**Comprehensive Financials:** Access detailed balance sheets and income statements across your entire entity structure

**Currency Translations:** Translate trial balances into a common currency for clear, comparable financial statements

**Adjusting Entries:** Perform topside adjustments and intercompany eliminations with ease

## Why FloQast Consolidation?

**Unified Platform:** Seamlessly integrates with your existing FloQast products for a single source of truth

**Quick Implementation:** Rapid deployment with no coding, consultants, or IT required

**User-Friendly Interface:** Designed by accountants, for how accountants work, ensuring ease of use and adoption

**Real-Time Insights:** Gain immediate visibility into your financial data across entities

**Scalability:** Easily adapt as your business grows and evolves

## Transform Your Consolidation Process Today

Ready to transform your financial close and consolidation process and experience the power of automated consolidation with FloQast Consolidation?.
